SEEKING: Junior / Mid Full Stack Developer Position

PROFESSIONAL PROFILE

Full Stack Developer with 4+ years of self-directed learning, 2 years of commercial freelance experience working directly with clients, and 3 production applications shipped. Transitioned from a 6-year career as Head Chef and Culinary Instructor, bringing extreme stress tolerance, empathy, and disciplined end-to-end product ownership. From architecture and backend design to VPS deployment — I take full responsibility for the entire product lifecycle. Based in Lowicz / Warsaw, fully available for remote work.

KEY STRENGTHS

End-to-End product ownership	High stress tolerance & adaptability
Rapid self-learning & problem solving	Empathetic communication & teamwork

2025 – 2026 | Solo Project | Next.js · TypeScript · NestJS · PostgreSQL · Prisma · Docker · Redis · Supabase

- Two-app system (storefront + admin panel) sharing one PostgreSQL database via Prisma ORM.
- Dynamic product variants, persistent cart, Zod-validated API routes, sales analytics dashboard.
- Fully containerized with Docker. Live at ecomati.pl — github.com/Goniek94/ecomati

Autosell.pl — Automotive Marketplace

2024 | Client Project | React 18 · Node.js · Express · MongoDB · Socket.IO · JWT · Sharp · Jest · Nodemailer

- Production vehicle marketplace built and deployed solo within 12 months, handling real users and listings.
- Real-time messaging (Socket.IO), advanced search filters, secure JWT auth, automated email notifications.
- Live at autosell.pl — github.com/Goniek94/Autosell_selected_files

Windows XP Portfolio — Interactive OS Simulation

2026 | Solo Project | Next.js 16 · React 19 · TypeScript · Tailwind CSS v4 · CSS Animations

- Fully functional Windows XP simulation with a custom window manager, boot sequence, and recreated retro apps (Winamp, Gadu-Gadu).
- Showcases advanced React state management and complex UI architecture.
- Live at mateusz-goszczycki-portfolio.vercel.app — github.com/Goniek94/Windows_xp

WORK EXPERIENCE

Freelance Full Stack Developer

2023 – present | Client Collaboration (Remote)

- 2 years of commercial experience working directly with clients — gathering requirements, managing feedback loops, and delivering production-ready applications.
- Built and deployed Autosell.pl as a client project — full lifecycle ownership from specification and architecture through production deployment.

Head Chef & Culinary Instructor

2017 – 2023 | Zaklad Aktywnosci Zawodowej 'Ja Ty My'

- Managed full kitchen operations and led a team under high pressure and strict deadlines.
- Instructor and mentor for individuals with disabilities — developed deep empathy, patience, and leadership skills.

- Dedicated evenings to intensive self-directed programming study throughout this period, transitioning fully to software development in 2023.
-

EDUCATION

Self-taught (2020 – present). All skills demonstrated through production applications with real users. No formal CS degree — portfolio and GitHub repositories are the primary proof of competence.
